

Circular (S/IF/25/09)

April 2009

To: The Principals of Post-Primary Schools and Institutes of Further & Higher Education
For circulation to: The Head of the Geography Department and Examination Officers

GCE AS Summer 2009 series (new specification)

Geography – Module 1: Physical Geography

Geography – Module 2: Human Geography

Please note that the procedures outlined below should be followed in relation to GCE AS Geography in the forthcoming 2009 (Summer) examinations series.

Geography - Module 1: Physical Geography

Section A: Fieldwork Investigation the Written Report and Table of Data.

1. Students must bring to the examination a table of data and a summary statement covering the aims and context for the fieldwork. The summary statement should be approximately 100 words and must include:
 - Title;
 - Details of the location of the study (a map may be included if appropriate); and
 - A statement of the aims and hypotheses to be tested or questions to be answered.

The table of data must contain raw data only and must not include any statistical analysis.

The summary statement and table of data must be accompanied by the candidate record sheet we provide showing details of the candidate's examination and centre numbers.

The candidate record sheet must be signed by the candidate and authenticated by the teacher as verification that the summary statement has been written independently by the candidate.

2. The number of pages attached should be clearly recorded on the candidate record sheet (summary statement and table of data).
 3. Each student's work (completed candidate record sheet, summary statement and table of data) should be collected by the class teacher and presented to the Examination Officer one week in advance of the examination date. Please do not use plastic covers or folders of any kind.
 4. The Examination Officer should present the candidate's work (summary statement and table of data) to the Invigilator before the examination. The Invigilator should check that the number of pages attached corresponds with that stated on the candidate record sheet and remove any folders or plastic covers. The Invigilator should place each report on the appropriate desk using candidate number.
-

5. Candidates must attach their summary statement and table of data to their question and answer paper at the end of the examination using the treasury tag provided. Question and answer papers will be punched to facilitate attachment.
6. Candidates must bring along a basic calculator for use in the examination.

Geography – Module 2: Human Geography

Section A: Skills and Techniques

1. Candidates must bring along a basic calculator for use in the examination.
