Re: GCSE Mathematics G2268; Two-Tier modular specification; summer 2008

To complete the transition from G2267 (pilot two-tier with coursework specification) to G2268 (two-tier without coursework specification), as indicated in the support events in October 2007, there will be a slight change to the mark totals in the Summer 2008 tests compared with previous series.

Each paper in N1, N2, N3 and N4 will have a total of 44 marks
Each paper in the completion tests N5 and N6 will have a total of 56 marks.

Marks for each module or completion test will be reported on the Uniform Mark Scale as detailed in section 1.6 of the specification.
