2. Skills assessed by controlled assessment

The following skills must be assessed through controlled assessment:

- 30% controlled assessment must relate to AO1, speaking and listening
- 30% controlled assessment must relate to AO2 and AO3, reading and writing.

In addition, elements of these skills may be externally assessed.

These skills must be assessed in the context of the content specified in paragraphs 7 – 13 of the GCSE subject criteria for Gaeilge.

3. Level of control

Regulations for controlled assessment in Gaeilge are defined for the three stages of the assessment:

- task setting
- task taking
- task marking.

For each stage, to ensure reliability and authenticity, the level of control is set as high as possible for the skills assessed.

3(i) Speaking and listening

Task setting – limited control

Specifications must require candidates to complete a single controlled assessment component/unit in speaking and listening. The controlled assessment component/unit must require candidates to complete a minimum of three speaking and listening tasks.

The awarding body must provide exemplar tasks.

The awarding body must ensure that specifications provide opportunities for centres to:

- adapt exemplar tasks provided by the awarding body within clearly defined parameters set by the awarding body

OR

- design their own tasks according to clearly defined parameters set by the awarding body, including provision for the regular replacement of tasks.

Task taking – medium control

Authenticity control (externally defined)

Specifications must require candidates to complete all work, with the exception of preparation, under formal supervision. Preparation may be completed under limited supervision.

Feedback control (externally defined)

The awarding body must indicate clearly the level of teacher support that is allowed and how this should be recorded.

Time control (externally defined)

The awarding body must indicate the approximate minimum and maximum duration of speaking tasks.

Collaboration control (internally defined)

Specifications must state that the work of individual candidates may be informed by working with others, for example in discussion groups, but that candidates must provide an individual response.

Resource control (internally defined):

Specifications must state that candidates' access to resources is determined by those available to the centre.

Task marking – medium control

- Teachers mark the controlled assessment using mark schemes or criteria provided by the awarding body.
- The awarding body moderation must be consistent with the requirements of the *GCSE, GCE, GNVQ and AEA Code of Practice*.

Task taking – medium control

Authenticity control (externally defined)

Specifications must require candidates to complete all work, with the exception of preparation, under formal supervision. Preparation may be completed under informal supervision.
