

TeachMeet

The Association
for Science Education

ASE Christmas Post Primary TeachMeet at Campbell College

Tuesday 5th December

4.30-6.00pm

Come and share good cheer and best practice at the ASE Science Teachmeet.

What is a Teachmeet?

A TeachMeet is an informal and enjoyable gathering of teachers looking to improve, develop and refresh their classroom practice. You can come along and be part of the audience or you can give a short presentation – no pressure. It is all about being engaged and inspired by our colleagues and gaining lots of networking to boot!

There will also be a raffle between presentations.

Interested in presenting?

Presentations are 2 or 5 minutes long; talk about a teaching resource you love, a great website, or a different approach you have taken. The topic does not need to be complicated just something which has worked for you – whatever you like!

Confirmed presentations to date –

Edith Finlay, Biology Subject Officer CCEA, Support for the GCSE Science Practicals.

Heather Reid, Grosvenor Grammar School, Use of AFL boxes in the classroom.

Dr. Paddy Shevlin, retired ETI, Outstanding Teaching in Science.

Judith Boal, Jordanstown School, Science for the Visually impaired.

Michelle Ryan, ASE/CCB, Food web video clip.

Catherine Alexander, Glenlola Collegiate, Use of Models in Science.

Lauren Johnston, Newry High School, Science Skills,

Victoria Wightman, Campbell College, tbc

Sue Mc Grath, Institute of Physics, tbc.

Gavin Gray, Physics Subject Officer CCEA, Scientix offer to schools.

Declan McGeown, Royal Society of Chemistry, Support for GCSE Chemistry Practicals.

And there is more in the pipeline...

What next?
